

Be Right™

Funnel, separatory, polypropylene, 500 mL

Termékszám:

1406149

ELAVULT CIKK

Ez a termék már nem elérhető.

The most economical answer to more expensive and fragile glass funnels. Polypropylene, pear-shaped (Squibb) with TFE stopcock and polypropylene screwtop closure. Translucent body allows for easy detection of layers between immiscible liquids, all the way to the stopcock. TFE stopcock and housing eliminate need for lubrication, possibility of contamination. Resist virtually all chemicals, including hydrofluoric acid. Autoclavable except for stopcock assembly, which is easily removed. Stopcock assembly may be chemically disinfected. Stem length 65 mm.
